

National Temperance League,

33⁷/₁, Strand,

W.C.

London, Sept 19, 1867.

Dear Mr Garrison,

254 I feel greatly
obliged by your
letter of the 17th Inst,
and send herewith
a copy of our Week-
ly Record, contain-
ing a Report of the
Crystal Palace Fete.
A copy was sent
with my last let-
ter, but your Paris
Agents probably
thought it unnec-
essary to forward it.

We greatly regret
your inability to
attend a Public
Meeting in London,
and are very un-
willing to lay upon
you a greater bur-
den than you can
bear, but if you
could spare an
evening for a Pri-
vate conversa-
tional meeting with
the Committee
and a friends,
not exceeding
100 in all, you
would greatly
gratify the Commit-
tee, and be most

mental, I believe
in helping forward
our common cause.

I was sorry to
hear of your daughter's
illness, and
trust that, ^{with} your
son and yourself,
she now enjoys
excellent health.

Mr Loevedie unites
with me in fraternal
regards.

Yrs very cordially
Robert Rae

Wm Lloyd Garrison Esq.
